S1D07935 ONE DAY JEWELLERY WORKSHOP

Tutor: SARAH MACRAE

Date: 1 DAY WEDNESDAY 6 JUNE (change to date published in the Brochure)

ABOUT YOUR COURSE:

A practical one day workshop with help given on an individual basis to develop your designs for making jewellery. The development of ideas through drawing will be encouraged and help then given to realise the idea in three-dimensions. Techniques are demonstrated according to your needs. Beginners will be encouraged to complete a set project of making a simple ring to introduce the basic techniques of working with silver. What a student can achieve on a day workshop will depend on their experience and the complexity of the idea. If you would like to discuss your idea prior to booking with Sarah please email her on sarahmacrae2@yahoo.co.uk

Please note: if you would like to make small silver items you should book onto a Silversmithing one day workshop (see courses in the Metal category).

LEVEL: SUITABLE FOR ALL
A subject focused course that is delivered to suit any level of experience from beginner to advanced practitioner. A structured start is followed by guided independent practice.
