WE7130 BOBBIN LACEMAKING

Tutor: JAN TREGIDGO

Dates: WEEKEND FRIDAY 21 JULY – SUNDAY 23 JULY

ABOUT YOUR COURSE:

This workshop is an exciting opportunity for beginners to experience the delights of bobbin lacemaking without the need to buy equipment. While 'lapsed' lace makers will enjoy the time and space to renew their old skills and those with experience will be able to extend their expertise with the help and support of a very experienced teacher. The aim is that you will have an enjoyable time making lace and will go home with confidence to work independently.

During the course beginners will learn the essential techniques of lacemaking: how to prepare a pricking, to wind bobbins, to dress their pillow correctly and to work the basic stitches. They will also be given advice on books, suppliers and on continuing their lace making at home.

Those lace makers with previous experience will build on their skills and extend their knowledge of this traditional craft. They will choose a pattern in consultation with the tutor prior to the workshop in order to fully profit from the course.

All will receive individual instruction on their chosen lace. The tutor will give demonstrations to small groups, as appropriate and have examples of lace, lace books and other displays of lace interest available during the course. There will be opportunities to discuss topics of interest with other lace makers and to review the work of the course.

After the course: opportunities to continue your lace making will be discussed during the course. You will also be able to contact Jan for further advice and guidance.
