

SHORT COURSE DETAILS

S3D07699 BOTANICAL DRAWING

Tutor: ANN SWAN

Dates: 3 DAYS SUNDAY 11 MARCH – WEDNESDAY 14 MARCH

ABOUT YOUR COURSE:

Immerse yourself into this course as you learn the tips and tricks of botanical painting with coloured pencils. You will study a variety of techniques that will help you make your colours leap off the page, and to amaze with fine detail. You will also learn the importance of planning, when and in what order to underpaint, blend, use resist or emboss.

Using some of her colour mixing templates you will learn how to mix clean colours with convincing shadows and how to plan your approach to your work to avoid accidents. Ann will demonstrate some of her many tricks and tips for creating realistic textures for bloom, velvety petals, strong highlights, surface patterns, hairy stems and furry leaves.

This workshop is for having a go and trying out all these techniques which when mastered will add depth, realism and interest to your finished colour pencil work and certainly help you attract an audience to your pictures. You will leave with a page or two of studies, some colour templates and lots of notes plus the start of a finished project which you will be able to complete at home with the knowledge you have acquired.

LEVEL: INTERMEDIATE

Skills development. For those who have taken a related course or have some existing skills. The focus is on further developing and building of skills working towards independent practice.

Students need to have a basic knowledge of working with coloured pencil or to have attended one of Ann's Taster Days or Beginners' courses.

ABOUT YOUR TUTOR:

Ann is one of this country's leading botanical artists and teachers working primarily in coloured pencil and graphite. She has been awarded four RHS Gold Medals and her work is in the prestigious Shirley Sherwood Collection and the RHS Lindley Library. Ann is an enthusiastic and nurturing teacher with over twenty five years' experience and now teaches around the world. Her book 'Botanical Painting with Colour Pencils' is a leader in the field.
