SID07510 CHRISTMAS WREATHS AND GARLANDS

Tutor: SUE HINGSTON

Date: 1 DAY SATURDAY 9 DECEMBER

ABOUT YOUR COURSE:

This one-day workshop aims to provide students with the knowledge and skill to create two festive floral decorations. A traditional door wreath and a garland to festoon a staircase or mantle shelf. Although the students are using traditional methods they are taught to decorate the designs in a contemporary way.

You will come away having created two designs using fabulous winter foliage combined with other materials. This includes being shown how to use a variety of decorations to make them very individual.

The tutor will give group demonstrations of modern and traditional techniques and show you how to use a variety of decorations to make individual innovative designs. Individual help is given and review of the completed pieces is given at the end of the day.
