

S3D07827 SHOE MAKING – SANDALS IN DECORATIVE FABRIC

Dates: 3 DAYS SUNDAY 29 APRIL – WEDNESDAY 2 MAY

This shoe making course will teach you all the processes you need to create your own pair of simple sandals with or without a heel, in your size, from start to finish, all guided by bespoke shoe maker, Hetty Rose. Hetty's signature recycled vintage Japanese kimono fabrics will be available for you to choose your fabric for your shoes to create something truly unique and completely handmade.

The next stage of the making will include the closing (stitching) of the upper to the lining and you will be guided through each stage. The tutor will give examples and discuss each stages importance in creating shoes.

The final stage in the workshop will include attaching the sole and choosing your heels, from a selection of heights or flat. Other skills covered are heel covering and attaching, then the finishing stages including the sock making inside the shoe and checking over the quality of the shoe to finish.

Basic sewing experience, including use of a sewing machine is essential.

REQUIRED PREPARATION:

Your email address will be given to the tutor as she will need to contact you in advance of the course to ask for your shoe size.

MATERIALS FOR YOUR COURSE:

We have a generously stocked craft shop, which opens daily from 8.30am–2pm.

For any materials you need to purchase from the shop, we suggest you do so during the first morning of your course, after having discussed with your tutor.

Materials included in the course fee:

The course fee includes the cost of all shoemaking components and materials supplied by the tutor for the course to make one pair of sandals.

Available from the Shop:

Basic sewing supplies, including some sewing machine thread

Please bring any of the above, if you have them, and in addition:

Your sewing machine, if you prefer to use your own. Alternatively please reserve a college machine by returning the form overleaf. Also bring sewing machine threads you already own.

HEALTH AND SAFETY:

The tutor instructs students in health and safety issues relevant to this course. Students may work unsupervised on agreed projects once they have satisfied the tutor as to their competence. There may be restrictions on the equipment available to students in the tutor's absence. All Personal Protection Equipment, apart from footwear, is provided by the College.
