

## SHORT COURSE DETAILS

SLW08493: HAND SEWN NARRATIVE TEXTILES

Tutor: JANET BOLTON

Dates: LONG WEEKEND FRIDAY 1 FEBRUARY – MONDAY 4 FEBRUARY

### ABOUT YOUR COURSE:

This course aims to introduce you to the idea of working directly with the chosen fabrics to create a composition for a hand stitched picture – rather than working from design drawings. This spontaneous approach allows for a wonderful freedom and can be exciting to the last minute by combining design, material and technique throughout. You can arrive with an idea in mind, or with a completely open mind as to subject matter.

During the introduction the tutor will discuss many different sources of inspiration, using her own work as examples. She will demonstrate various practical ways of starting a composition, and demonstrate the simple cutting, placing and hand sewing techniques needed.

You will discover the importance of the choice of suitable materials for different purposes, the use of stitch as a drawn line and the excitement that can be added by the introduction of a carefully selected “found object”. Sometimes the fabrics themselves will hold a personal memory and significance, this will enhance the discovery of the joy of ‘following your own star’ of having no set rules, to play, which is of course serious stuff! You will also find that you spend more time thinking about and accessing the composition than you spend actually sewing the different elements into place. Throughout this process there are many opportunities to develop the original germ of an idea, to let the piece take on its own identity. Personal help will be given at all stages.

You will complete one piece of work and hopefully have ideas and beginnings for others, while gaining confidence and enjoyment in making your own work.

Advice will also be given with final presentation and framing. The course will finish with a group review.

Approximately ½ metre of curtain lining, calico or similar material for overall backing

Coloured threads, sewing machine reels, cotton or polyester
